Parents who had given their consent for their child to have the vaccine, and their child was away on the 10th November, will automatically be added to their catch-up list. If you had not completed the consent form online and have now decided that you would like your child to have the vaccine, please go on the following link to complete the online consent form for your child(ren):

New Guidance from The Government on Covid 19 For Education Settings

The new guidance states that more evidence has emerged that there is a very low risk of children becoming very unwell from coronavirus (Covid 19), even for children with existing health conditions. Most children originally identified as clinically extremely vulnerable no longer need to shield and should still attend school, unless their GP/Consultant advises against it. Children who live with someone who is clinically extremely vulnerable should also still attend school. If you would like to discuss this further, please email help@griffinfederation.co.uk and we will get back to you as soon as possible.

Primary School Admissions

If you have a child that was born between 1st September 2016 to 31st August 2017, they will be due to start primary school in September 2021. The online application form is now available on the www.lincolnshire.gov.uk/schooladmissions website. It will close on 15th January 2021.
