1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Westmere Primary School aims to treat all stakeholders, including pupils, prospective pupils, staff, governors and other members of the school community fairly and with respect and, wherever possible, takes reasonable steps to avoid placing anyone at a substantial disadvantage. The school aims to work closely with disabled pupils, their families and any relevant outside agencies in order to remove or minimise any potential barriers to learning, which puts them at a disadvantage, but allows them to learn, achieve and participate fully in school life. The school is active in promoting positive attitudes to disabled people in the school and in planning to increase access to education for all disabled pupils.

As part of the school's continued communication with pupils, parents, carers and other stakeholders we continually look at ways to improve accessibility through data collection, observations, outside agency recommendations, questionnaires and parental discussions.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues. We have very close relationships with Outside Agencies and will actively seek advice from them to ensure that we can meet every pupil's needs through reasonable adjustments and specialised resources. We aim to meet every child's needs within mixed ability, inclusive classes.

The plan will be made available online on the school website, and paper copies are available upon request.

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a ‘substantial’ and ‘long-term’ adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), ‘long-term’ is defined as ‘a year or more’ and ‘substantial’ is defined as ‘more than minor or trivial’. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make ‘reasonable adjustments’ for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

3. Contextual Information

The majority of our school site and building is accessible for anyone who has a disability since it is a single story building. All corridors and classroom doorways are wide enough for wheelchair access and we have a disabled parking space in our car park by the main school entrance for any of our stakeholders who may have walking difficulties. We also have a disabled toilet and wet-room shower in the front part of the school and a disabled toilet at the rear of the school building which can once again be accessed by all stakeholders. We are an actively inclusive school and will always make reasonable adjustments for any pupils or visitors who may have a disability.

4. Action plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.
